ADITH TP

MERN STACK DEVELOPER

+91-9847325601 | adhidrive46@gmail.com | LinkedIn | GitHub | Portfolio | Thrissur, Kerala

Professional Summary

Full Stack Developer specializing in the MERN stack (MongoDB, Express.js, React.js, Node.js) with a frontend focus on React.js, building responsive, component-based web applications. Experienced in HTML5, CSS3, JavaScript (ES6+), RESTful APIs, JWT authentication, CRUD operations, and frontend-backend integration, with experience deploying on Vercel and MongoDB Atlas.

Technical Skills

Programming Languages: JavaScript (ES6+), HTML5, CSS3, C

Frontend Development: React.js, React Hooks, React Router, Redux, Context API, State Management, Component-Based Architecture, Reusable Components, Single Page Applications (SPA), Responsive Web Design, Tailwind CSS, Bootstrap, Framer Motion

Backend Development: Node.js, Express.js, RESTful APIs, JWT Authentication, Middleware, Mongoose, Socket.IO (WebSockets)

Database and Tools: MongoDB, MongoDB Atlas, MySQL, Git, GitHub, Postman, npm, Cloudinary, Vercel

Development Practices: SaaS Development, REST API Integration, Frontend-Backend Integration, Debugging, Performance Optimization, Cross-Browser Compatibility, Clean and Maintainable Code

Soft Skills: Problem Solving, Communication, Team Collaboration, Adaptability, Time Management, Critical Thinking

Professional Experience

Software Trainee **May 2026 – Present**
Imagecon India Pvt. Ltd. *Salem, Tamil Nadu*

- Develop and maintain full-stack web applications using **React.js, Node.js, Express.js, MongoDB, and RESTful APIs**, building responsive, component-based UIs with **HTML5, CSS3, and JavaScript (ES6+)** and integrating APIs.
- Conduct technical training and mentor students in **HTML, CSS, JavaScript, React.js, Node.js, and MERN Stack** through hands-on coding, Git/GitHub, and end-to-end full-stack project development.

MERN Stack Intern **February 2025 – August 2025**
G-TEC Computer Education *Thrissur, Kerala*

- Developed full-stack web applications using **MongoDB, Express.js, React.js, and Node.js (MERN)**, implementing responsive interfaces with reusable React.js components, RESTful APIs, and CRUD operations.
- Implemented **JWT authentication and authorization**; used **Git/GitHub** for version control and collaborative development.

Projects

Eonix – eLearning Platform *MongoDB | Express.js | React.js | Node.js*

- Built a MERN **eLearning platform** with **JWT authentication**, user authorization, and course and lecture management.
- Designed a responsive, component-based UI with **React.js and Tailwind CSS**; integrated **MongoDB Atlas**; deployed on **Vercel**.

U/FASHION – E-Commerce Application *MongoDB | Express.js | React.js | Node.js | Razorpay*

- Built a full-stack **e-commerce app** with **JWT authentication and authorization**, product management, cart, checkout, and orders.
- Built an **admin dashboard** and integrated the **Razorpay payment gateway** for secure online transactions.

CampusShare – Peer-to-Peer Resource Exchange Platform *MongoDB | Express.js | React.js | Node.js | Nodemailer*

- Built a **resource-sharing platform** for students to lend and borrow items, with **JWT authentication** and **Nodemailer email OTP**.
- Implemented a **QR-based transaction flow** (Approved → Borrowed → Returned), a multi-filter marketplace with live search, and an **admin panel** with analytics and moderation.

HeyChat – Real-Time Chat Application *MongoDB | Express.js | React.js | Node.js | Socket.IO*

- Developed a **real-time chat application** using **Socket.IO (WebSockets)** with JWT authentication and MongoDB message management.
- Built a responsive **React.js UI** with dark mode and real-time messaging for instant updates between users.

Education

Bachelor of Computer Applications **2022 – 2025**
Srinivas Institute of Computer Science and Information Technology *Mangalore, Karnataka*
CGPA: 9.04 / 10

Certifications

MERN Stack Certificate – G-TEC Computer Education
React.js Developer Certificate – OneRoadmap
